| | |
|---|------------|
| Preface | vii |
| About the Authors | ix |
| 1. Quality and Compliance | 1 |
| Questions | 1 |
| Answers | 15 |
| References | 36 |
| 2. Blood Donor Evaluation, Blood Collection (Autologous and Allogeneic), and Donor Complications | 39 |
| Questions | 39 |
| Answers | 53 |
| References | 82 |
| 3. Blood Components: Preparation, Storage, and Characteristics | 85 |
| Questions | 85 |
| Answers | 97 |
| References | 119 |
| 4. Carbohydrate Blood Group Antigens | 121 |
| Questions | 121 |
| Answers | 139 |
| References | 167 |
| 5. Protein-Based Blood Group Antigens | 169 |
| Questions | 169 |
| Answers | 185 |
| References | 214 |
| 6. Pretransfusion Testing and Antibody Identification ... | 215 |
| Questions | 215 |
| Answers | 234 |
| References | 261 |
| 7. Clinical Transfusion Practice and Effective Use of Blood Components | 263 |
| Questions | 263 |

| | |
|---|------------|
| Answers | 278 |
| References | 310 |
| 8. Hematopoietic Progenitor Cells, Cord Blood, and Growth Factors | 313 |
| Questions | 313 |
| Answers | 325 |
| References | 351 |
| 9. Hemolytic Disease of the Fetus and Newborn, and Rh Immune Globulin | 353 |
| Questions | 353 |
| Answers | 369 |
| References | 404 |
| 10. Noninfectious Complications of Transfusion | 405 |
| Questions | 405 |
| Answers | 419 |
| References | 450 |
| 11. Infectious Complications of Transfusion and Positive Disease Markers in Blood Donors | 451 |
| Questions | 451 |
| Answers | 464 |
| References | 496 |
| 12. Coagulation | 499 |
| Questions | 499 |
| Answers | 511 |
| References | 539 |
| 13. Hemapheresis | 541 |
| Questions | 541 |
| Answers | 555 |
| References | 585 |
| 14. The HLA System | 587 |
| Questions | 587 |
| Answers | 600 |
| References | 624 |
| 15. Tissue Banking and Organ Transplantation | 625 |
| Questions | 625 |
| Answers | 638 |
| References | 662 |
