
Table of Contents

Preface	xi
About the Editors	xxi
1. The AABB Donor History Questionnaire	1
<i>Sheila F. O'Brien, RN, PhD, and Sharon Carayiannis, MT(ASCP)HP</i>	
History of the AABB DHQ	2
The AABB DHQ	4
The Abbreviated Donor History Questionnaire	8
Donor Screening in the US	8
Cognitive Steps in Answering a DHQ Question	9
Special Considerations for Blood Donor Screening	10
Questionnaire Design	13
E-Questionnaires	14
Evaluation/Testing the AABB DHQ	16
Summary/Conclusions	18
References	18
2. Blood Donors with Cardiovascular Disease	21
<i>Kathleen M. Grima, MD</i>	
Regulatory, AABB, and General Guidance	22
Coronary Artery Disease	24
Cardiac Valvular Disease	32
Hypertrophic Cardiomyopathy	38
Summary	39
References	39

3. Blood Donors with Impaired Hemostasis	43
<i>Maria De Los Angeles Muñiz, MD, and Ralph R. Vassallo, MD, FACP</i>	
Donor Safety Issues	45
Recipient Safety Issues	50
Conclusion	58
References	59
4. Blood Donors with a History of Cancer	63
<i>Anne F. Eder, MD, PhD</i>	
Recipient Considerations	65
Donor Cancer and Transplantation	67
Donor Safety	71
Conclusion	76
References	77
5. Medications, Vaccinations, and Blood Donations: Factors Driving Donor Suitability Strategies	79
<i>Kevin J. Land, MD (FASCP)(FCAP)</i>	
Guidance from Regulatory and Accrediting Forces	81
Framework for Evaluating Medications and Vaccinations	92
Additions to the DHQ	99
Limitations of Donor Interviews to Elicit Medication History	102
Conclusion	103
References	104
6. Blood Donors with Hereditary Hemochromatosis	109
<i>Kamille A. West, MD</i>	
Regulatory and Ethical Considerations	111
Recipient Safety	114
Donor Safety	116
Iron Deficiency	118

Table of Contents

Implementation and Logistics of an HH Donor Program.	119
Management of Deferred Donors.	120
Conclusion	120
References	122
7. HIV Risk Factors	125
<i>Mindy Goldman, MD, FRCPC</i>	
HIV in Blood Donors.	126
Historical Perspective on HIV Donor Screening	127
Reducing Deferral Periods for MSM	129
International Deferral Policies	133
Future Policy Changes.	134
Conclusions	136
References	137
8. Hepatitis Risk Factors.	141
<i>Roger Y. Dodd, PhD</i>	
Governing Specifications	142
History of and Rationale for Hepatitis Deferrals.	147
Current Risk Factors for Viral Hepatitis.	152
References	155
9. Travel and Related Health History: Malaria, Prions, and Other Transfusion- Transmissible Diseases	159
<i>Louis M. Katz, MD, and Bryan R. Spencer, PhD</i>	
Governing Specifications	161
Malaria	163
Transmissible Spongiform Encephalopathies (TSEs).	177
Other Pathogens.	183
“Global” Travel Deferral: Looking Forward?	184
Conclusion	186
References	187

10. Donor Notification and Postdonation Information	195
<i>Debra Kessler, RN, MS</i>	
Donor Notification.....	195
Postdonation Information.....	199
Summary.....	206
References.....	207
11. Donor Reentry	209
<i>Anne F. Eder, MD, PhD</i>	
Governing Specifications.....	211
General Approach to Donor Reentry.....	214
Reentry Algorithms for Previously Deferred Blood Donors with Reactive Screening Test Results.....	214
Conclusion.....	228
References.....	229
Appendix 1. Full-Length Donor History Questionnaire (DHQ)	233
Appendix 2. Abbreviated Donor History Questionnaire (aDHQ)	237
Appendix 3. Medication Deferral List for the Donor History Questionnaire	239
Appendix 4. Blood Donor Educational Materials for the Donor History Questionnaire	245
Index	249
