Preface	ix
1. INTRODUCTION TO THERAPEUTIC APHERESIS	1
Introduction	1
Apheresis Instruments	9
Rationale for Therapeutic Apheresis and Principles of Prescription and Treatment	12
Adverse Events during Apheresis	27
Patient Evaluation and Management	40
Conclusion	47
References	48
2. AMERICAN SOCIETY FOR APHERESIS CATEGORIZATION OF THERAPEUTIC APHERESIS INDICATIONS	55
Introduction	55
ASFA Categories	56
The 2019 Special Issue	63
References	67
3. THERAPEUTIC CYTAPHERESIS INTRODUCTION	71
Thrombocytapheresis	72
Therapeutic Leukocytapheresis	76
Adsorptive Cytapheresis	84
Conclusion	86
References	86

4.	EXTRACORPOREAL PHOTOPHERESIS ...	93
	Introduction	93
	Performing ECP	95
	Safety of ECP	97
	Mechanism of Action of ECP	98
	Indications	100
	Conclusion	111
	References	112
5.	THERAPEUTIC PLASMA EXCHANGE....	123
	Introduction	123
	Hematologic Disorders and Dysproteinemias ...	123
	Neurologic Diseases	154
	Renal Diseases	177
	Transplantation	187
	Rheumatic Diseases	193
	Metabolic Disease	195
	Conclusion	198
	References	198
6.	RED CELL EXCHANGE	229
	Introduction	229
	Technical Performance	231
	Isovolemic Hemodilution	233
	Indications	235
	Conclusion	248
	References	248
7.	PEDIATRIC APHERESIS	255
	Introduction	255
	Technical Considerations	256
	Adverse Reactions	264
	Conclusion	267
	References	268

8.	LIPOPROTEIN APHERESIS	271
	Introduction	271
	Selective Removal of Lipoproteins	273
	Conclusion	294
	References	294
9.	THE PHYSICIAN'S MEDICAL, OPERATIONAL, AND FINANCIAL RESPONSIBILITIES	301
	Introduction	301
	Professional Medical Responsibilities	301
	Operational Responsibilities	306
	Financial Responsibilities	311
	Summary of Key Concepts	315
	References	315
	APPENDIX	319
	Index	335
