# Table of Contents

<b>Preface</b> .....	<b>vii</b>
<b>About the Authors</b> .....	<b>ix</b>
<b>1. Quality and Compliance</b> .....	<b>1</b>
Questions .....	1
Answers .....	15
References .....	36
<b>2. Blood Donor Evaluation, Blood Collection (Autologous and Allogeneic), and Donor Complications</b> .....	<b>39</b>
Questions .....	39
Answers .....	53
References .....	82
<b>3. Blood Components: Preparation, Storage, and Characteristics</b> .....	<b>85</b>
Questions .....	85
Answers .....	97
References .....	119
<b>4. Carbohydrate Blood Group Antigens</b> .....	<b>121</b>
Questions .....	121
Answers .....	139
References .....	167
<b>5. Protein-Based Blood Group Antigens</b> .....	<b>169</b>
Questions .....	169
Answers .....	185
References .....	214
<b>6. Pretransfusion Testing and Antibody Identification</b> ...	<b>215</b>
Questions .....	215
Answers .....	234
References .....	261
<b>7. Clinical Transfusion Practice and Effective Use of Blood Components</b> .....	<b>263</b>
Questions .....	263

Answers . . . . .	278
References . . . . .	310
<b>8. Hematopoietic Progenitor Cells, Cord Blood, and Growth Factors . . . . .</b>	<b>313</b>
Questions . . . . .	313
Answers . . . . .	325
References . . . . .	351
<b>9. Hemolytic Disease of the Fetus and Newborn, and Rh Immune Globulin . . . . .</b>	<b>353</b>
Questions . . . . .	353
Answers . . . . .	369
References . . . . .	404
<b>10. Noninfectious Complications of Transfusion . . . . .</b>	<b>405</b>
Questions . . . . .	405
Answers . . . . .	419
References . . . . .	450
<b>11. Infectious Complications of Transfusion and Positive Disease Markers in Blood Donors . . . . .</b>	<b>451</b>
Questions . . . . .	451
Answers . . . . .	464
References . . . . .	496
<b>12. Coagulation . . . . .</b>	<b>499</b>
Questions . . . . .	499
Answers . . . . .	511
References . . . . .	539
<b>13. Hemapheresis . . . . .</b>	<b>541</b>
Questions . . . . .	541
Answers . . . . .	555
References . . . . .	585
<b>14. The HLA System . . . . .</b>	<b>587</b>
Questions . . . . .	587
Answers . . . . .	600
References . . . . .	624
<b>15. Tissue Banking and Organ Transplantation . . . . .</b>	<b>625</b>
Questions . . . . .	625
Answers . . . . .	638
References . . . . .	662
