
Table of Contents

Foreword	xi
Preface	xiii
About the Editor	xv
1. What Is Aseptic Technique?	1
<i>Matthew Wilgo, CABP(H)</i>	
Basic Principles of Aseptic Technique	1
Best Practices in Aseptic Technique	3
Aseptic Technique and Biosafety	4
Conclusion	5
2. Laboratory-Acquired Infections	7
<i>Matthew Wilgo, CABP(H)</i>	
Sources of Laboratory-Acquired Infections	8
Routes of Laboratory-Acquired Infections	10
Conclusion	14
3. Personal Protective Equipment	15
<i>Matthew Wilgo, CABP(H)</i>	
Human Sources of Contamination	16
The Big Three	17
Other Personal Protective Equipment	25
Conclusion	27
4. The Sterile Workspace	29
<i>Matthew Wilgo, CABP(H)</i>	
Laminar Flow Hoods and Biological Safety Cabinets	29
Using the Biological Safety Cabinet	32
Conclusion	43

5. Personal and Laboratory Hygiene	45
<i>Matthew Wilgo, CABP(H)</i>	
Respiratory Contamination	45
Handwashing and Skincare	46
Illness in the Laboratory	48
Cleaning and Disinfecting	49
Other Laboratory Hygiene	54
Conclusion	55
6. Environmental Monitoring	57
<i>Matthew Wilgo, CABP(H)</i>	
Basic Types of Monitoring	58
What Needs To Be Monitored?	59
Additional Considerations	60
Useful EM Resources	61
Reviewing Data from Environmental Monitoring	62
Conclusion	63
7. Aseptic Processing in Cleanroom Environments	65
<i>Olive Sturtevant, MHP, MT(ASCP)SBB, SLS, CQA(ASQ), and Matthew Wilgo, CABP(H)</i>	
What Is a Cleanroom?	66
Sources of Contamination in a Cleanroom	67
Cleanroom Activity	71
Conclusion	77
Appendix 1. Suggested References	79
Appendix 2. Aseptic Technique and Laboratory Safety	83
Appendix 3. Self-Test Laboratory Scenarios	86
Appendix 4. Example of Laboratory and Personal Hygiene Protocols	90
Appendix 5. Comparison of Environmental Monitoring Sampling Frequencies	92
Appendix 6. Media Fill and Aseptic Processing Simulations	93
Appendix 7. Sample Gowning Qualification	95

Table of Contents

Appendix 8. Sample Media Fill Assessment or Cryopreservation Procedure 97

Appendix 9. Sample of Basic Tissue Culture Media Fill 100

Appendix 10. Sample Aseptic Processing Validation for CliniMACs Prodigy Process 101
